The Breakout Box You Always Wanted!

If you are working with any type of cable that originates or terminates in a D-sub DB-9, DB-15, or a DB-25 connector, then this will become your ultimate breakout Box!

"We Can Really Use This!"

These were the first words spoken by our customers when they heard we have a new DB-9, DB-15 and DB-25 breakout box. If you have ever worked with these types of connectors, you probably wasted a lot of time and money building boxes to serve a specific project need. If so, you are going to love this product!

Key Features and Options

- ✓ Top of Box Has Male Connectors, Bottom of Box Has Female Connectors.
- ✓ Pins 1-25 on All Connectors Go to the Corresponding Banana Plug Receptacle.
- ✓ All Connectors and Pins are Wired "Straight Through".
- ✓ Comes with 6" Pigtails to Extend Connectors On Top and Bottom of Box.
- ✓ Banana Plug Receptacles Spaced to Allow Identifying of Signal on Template.
