DG Technologies Product EOL Notification

EOL Notification for Gryphon G2

End-of-Life (EOL) Notification Date: June 17, 2019

Dear Customer,

Effective immediately, DG Technologies is announcing we will be discontinuing the Gryphon G2 engineering product.

EOL of the following products:

1. DG-GRYPH-G2 (Gryphon G2), Multi-protocol hardware tool with software drivers, Ethernet cable, and power adapter.
2. DG-GRYPH-G2-KIT, Multi-protocol hardware tool with (3) DG-GRYPH-MOD-R cards, software drivers, Ethernet cable, carrying case and power adapter.

EOL Timeline:

Please contact the DG Technologies Sales Team or your DG Technologies account representative for the last day to order all affected products.

Reason for Termination:

Technology obsolescence and transition to the Beacon and Lodestar products

Replacement Product:

1. DG-BEACON-KIT (Beacon©), Bus Engine Analyzer for Communication Networks
2. DG-400-10733 (Lodestar©), Bus Engine Analyzer for Communication Networks with LED screen.

For any questions or more information, please contact DG Technologies by calling (248) 888-2000 or email sales@dgtech.com and a sales representative will assist you in finding an alternative product to support your development, testing, validation, datalogging and diagnostic needs.

Regards,

DG Technologies
